Value Score

50

Value Score: Our value score looks at EV/EBITDA, P/E, P/S, P/TB (Price/Tangible Book) and EPS Predictability. P/S and P/TB are compared within a sector. Other metrics are compared across all stocks

Quality Score

32

Quality Score: Our quality score compares profitability and balance sheet metrics to find high quality companies using ROIC, Net Margin, Gross Margin, Interest Coverage, and Debt / Equity metrics.

Growth Score

43

Growth Score: Our growth score looks at the 5 year history and the forward estimates for EBITDA, Sales, and EPS growth, ranking the best companies across all stocks.

Sentiment Score

61

Sentiment Score: Our sentiment score finds stocks in favor by analyzing Short Interest, returns in key periods over the last year, Price vs. 52-wk High, Days Since 52-wk High and MACD signals.

BUSINESS SUMMARY

Walgreens Boots Alliance is one of the largest retail pharmacy chains in the U.S., with over 8,500 locations. Nearly three quarters of Americans live within five miles of a Walgreens location. Roughly two thirds of revenue is generated from prescription drug sales; Walgreens makes up 20% of total prescription revenue in the U.S. Walgreens also generates sales from retail products (general wellness consumables and its own branded merchandise), European drug wholesale, and healthcare. With more locations incorporating additional services like Health Corner and Village Medical, Walgreens creates an omnichannel experience for patients and positions itself as a one-stop healthcare provider.

Relative to the S&P 500 baseline, WBA has underperformed the S&P 500 by -158.6% in the past 5 Years.

WBA has underperformed its sector by -126.7% in the past 5 Years.

The Healthcare sector has underperformed the market by -31.9% in the past 5 Years.

Dividend Adjusted Return Mar 29, 2019 - Mar 29, 2024

Overall Rating
vs. Peers

29

Ratings scores are relative to industry groups. They compare key metrics to rank stocks vs. their competitors. For example, higher growth than peers will score high even when the absolute growth is below the market average.

WARNINGS

Name	Severity	Details
GAAP Earnings vs. Pro Forma	Medium 	Official EPS: -\$6.85; Announced EPS: \$1.20
<p>The GAAP compliant earnings that the company filed with the SEC are less than the pro-forma earnings they announced to the press. Pro-forma earnings can exclude special one-time charges but some distressed companies post these "one-time" charges quarter after quarter.</p>		
Negative Earnings	Medium 	EPS: -\$7.00; Earnings Yield: -32.3%
<p>This company has negative cumulative earnings over the past 12 months. Make sure to understand the company's prospects for becoming profitable.</p>		
Dividend Cut	Low 	TTM Div. Per Share: \$1.69; Div. Per Share: \$1.00
<p>This company recently cut its dividend. Most companies are reluctant to cut dividends unless their prospects have taken a definite turn for the worse, although there are some companies that pay irregular dividends instead of steady, dependable ones.</p>		
Downward EPS Revisions	Low 	Net EPS Rev. Cur. Qtr.: -3
<p>Analyst estimates for the next quarter have been revised down. Check for recent news stories about why the future outlook is darker.</p>		
High Short Percent	Low 	Short % of Float: 5.0%
<p>A significant percentage of this company's shares are being shorted by investors betting against it. This shows sentiment is negative. Note that exchanges only calculate this value twice per month so it can be delayed.</p>		
High Stock Based Compensat...	Low 	Compensation Yield: 1.0%
<p>Stock based compensation is a drag on the return to investors. The Compensation Yield metric shows the percent of the market cap that has been given to managers and employees over the last year alone. This dilutes the value of all other shareholders.</p>		

REPORT TIPS

Metric Definitions

Metric descriptions are available at stockrover.com/help/metrics/metric-overview

Quantitative Scores

Our scores analytics is to offer our concise analysis of a stock in powerful, but easy to digest format. Each of the composite score metrics are designed to use the best available accounting practices as well as source data from SEC filings. The scores are computed for a company vs. the market as a whole.

Fair Value

Fair value performs a forecasted discounted cash flow analysis of a company to determine the company's intrinsic value based on the expected future cash flows the company will produce. It basically determines what a company is worth based on how much cash flow it is expected to generate for you in the future, taking into account the time value of money and the predictability of those forecasted cash flows.

Peers

Peer ratings are computed from ranking companies in the same
